

What Happens in the Springtime?

By liz west via Wikimedia Commons

The days get longer.
There is more sunshine.
The sun warms the air.
The weather gets warmer.

By Karona Lacasse via Wikimedia Commons

In many places, lots of rain
falls in the spring.
It waters the plants and
trees.

First the trees grow leaves
and then flowers.

The grass grows.
Flowers grow on the ground.
Other plants begin to grow.
The sun and rain help
them grow.
